STUDENTS REACHED

Present in the room. Absent from their future.

? What you already see

You've built the academic frameworks, the pastoral support, and the opportunities. For a lot of students, the internal switch is still off.

They're compliant but not committed. Moving through school with a flat sort of future-blindness that stalls their potential and drains your staff.

The gap is agency. A student who can't see where they're heading lets go of the present.

→ What Hope Express does

Hope Express is a cognitive reset. In 70 minutes, Glen takes a full cohort from passive observers to active drivers of their own results.

We name the adolescent fog, dismantle the doubt that stalls progress, and turn hope into a clear plan for the year ahead.

Hope is a skill. We name it, practise it, and rebuild it. That's the whole game.

The 7-step roadmap to student agency (70 min)

- 1 Make purpose your compass
- 2 Be empowered by your strengths
- 3 Develop emotional courage
- 4 Harness self-worth
- 5 Lean into the struggle
- 6 Overcome cognitive bias
- 7 Create actionable change

→ Students leave with **clarity** where there was 'I don't know', and **conviction** where there was 'I can't'. Equipped to take real action, not just feel good for an afternoon.

“

I was considering not coming today, but I'm so grateful I did. I think this talk will be a turning point in how I go about my life. Today that started with writing my great grandmother a proper card for her 100th birthday, because your message moved me to take the time.

Year 12 student
Pembroke School

You put my thoughts and feelings into words I couldn't myself. It opened my eyes to parts of my life I'd been neglecting for years, and helped me see that I am enough.

Year 12 student
Westminster School

I feel so energised by your seminar. You gave me the courage to want it, and not just to want it, but to work on it. I have so much momentum now.

Year 12 student
Immanuel College

I could see the passion radiating from you from the second you started. You made me believe there was hope in my future. You were the wake-up call we needed.

Year 10 student
Saint Ignatius College

It made me realise I can't wait for my goals to happen. I've got to go and get them.

MEET GLEN

The person on the stage

Glen Gerrey has spent 25 years building hope into young people, reaching over a million students worldwide. He fills an auditorium and still makes the kid in the back row feel seen.

Based in Brisbane, father of four, and a lifelong student of how people flourish. His conviction is simple: hope is a learned skill, not a mood, and every young person deserves a future they're excited to walk into.
